11 > 15 November 2019

On behalf of **Hamburg & Nantes Saint-Nazaire
Développement, EMC2** welcomes you for
a Learning Expedition at the crossroads
of **Digital Manufacturing and Logistics**

With the support of

Nantes Saint–Nazaire

The land of the bold

.....

Building the world’s biggest cruise ships and at the forefront of the aeronautical and off-shore sectors, Nantes Saint–Nazaire is the land of XXL!

The region is a leading industrial hub, in shipbuilding (largest in France), in aerospace (second largest in France) and manufacturing in general. The area is home to major industrial groups such as les Chantiers de l’Atlantique, Airbus, Alstom and Naval Group, alongside an innovative and creative sector represented by the many start-ups in digital tech and the cultural and creative industries.

Digital tech in Nantes Saint–Nazaire means large corporations and innovative start-ups, numerous tech-related study programmes and support from local government, boasting the fastest growth in tech jobs in France.

N°1

Metropolitan area for the growth in digital jobs
23 736 jobs
+ 34% between 2011-2016

Metropolitan area for the creation
of manufacturing jobs
10 219 positions created
between 2009-2017

Aerospace

Built on the local expertise in shipbuilding and naval aviation, aerospace is emblematic of Nantes Saint-Nazaire's ability to reinvent itself. Airbus, the global leader in aerospace, has two production sites in the territory. With over 500 businesses linked to aerospace in Pays de la Loire, including 250 in Loire-Atlantique, the sector represents over 25,000 jobs in the region.

Shipbuilding

Nantes Saint-Nazaire is the number one shipbuilding hub in France and a world leader in the sector, with the last 3 of the world's largest cruise ships built in Saint-Nazaire. Brimming with innovative subcontractors to provide technologies and services to these civil and military industry leaders, the region boasts over 1000 shipbuilding and repair companies.

Marine Renewable Energy

Nantes Saint-Nazaire is leading the way in offshore wind technology. With the construction of two offshore wind farms, more and more businesses and universities are getting involved. Several large industrial corporations have opened sites to assemble nacelles, manufacture wind turbine alternators or produce wind turbine foundations and electrical substations for offshore farms.

Digital

Digital tech in Nantes Saint-Nazaire boasts large corporations and innovative start-ups, numerous tech-related study programmes and support from local governments. The area features a subtle blend of tech culture, enthusiasm and creativity that cultivates an environment conducive to development. Buoyed by the momentum, Nantes Saint-Nazaire posts the fastest growth in tech jobs in France.

Learning Expedition : The Concept

EMC2 – with the support of the Free and Hanseatic City of Hamburg and Nantes Saint-Nazaire Developpement – is organising a series of Learning Expeditions between businesses from Hamburg and Nantes Saint-Nazaire.
